## ROOM INFO

### BUNGALOW:

Our bungalows are generously dimensioned (40 m2) and built in the typical Balinese style with roofs thatched in alang-alang. The bungalows blend harmoniously into the landscape and are surrounded by plants and trees – so plenty of privacy is ensured. A comfortable lounge tempts you to linger and enjoy resting on the terrace. If you prefer, you can also sleep outdoors (ask us for a mosquito net).

The bathroom is at the back of the bungalow; WC and washbasin are roofed and the shower is in the open – showering in the open air is a wonderful sensation.

### VILLA ANTON:

Villa Anton is located near the dive base. It offers cheaper accommodation for two people with air conditioning, but no sea view. It's the perfect choice for guests who spend most of their time under water.

### VILLA AYAM:

A separate section of the resort, above the garden, is the location for two comfortable air-conditioned villas with a private pool and garden. These villas are ideal for families or guests seeking plenty of privacy. You can retreat to this idyllic spot, free from all disturbances. If you wish, we will bring your meals to the villa, or you can also take them in our restaurant. Villa Ayam I accommodates up to four guests; Villa Ayam II has room for two guests. The two villas can be rented separately or together.

### SINGLE BUNGALOW SENDIRI:

Sendiri, our single bungalow, is located very centrally, right next to the pool. It is air-conditioned and has similar furnishings to the double bungalows, but is somewhat smaller. The bathroom is also partially open (shower) and partially roofed (washbasin and WC). You have a direct view onto the pool from the small terrace.
